

EHG

ANTI CONDENSATION HEATER, LARGE

The anti-condensation heaters range EHG is UL approved, and the products are marked according to it.

The devices covered under this category are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to Underwriters Laboratories Inc.
