UL Files

UL File number: E250750

The updated UL file information about this range can be checked on the UL website:
www.ul.com

The devices covered in this category are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to Underwriters laboratories Inc.

Madrid, 22th April 2019
