

nVent CADDY Macrofix Insulated M8/M10

FEATURES GUIDE

DURABILITY FEATURES

Plastic washer prevents screws from falling out during installation

EASE OF INSTALL FEATURES

Longer ears position the screw farther from the hanger, improving tool clearance when the screw is driven down

VERSATILITY FEATURES

Combination nut can be attached to M8 or M10 threaded rod, simplifying material handling

Return-lip on the hanger prevents the rubber from detaching, eliminating rework during installation

Screw length has been optimized to accommodate an increased pipe range, reducing inventory

Combo head bolt works with slotted, hex, or Phillips drivers

The color of the line corresponds to the larger goal of each feature:
